

2001 Spring Meeting Exhibitors List

American Astronomical Society, Solar Physics Division (AAS/SPD)..... 405 & 407

LMATC
O/L9-41, B. 252
3251 Hanover Street
Palo Alto, CA 94304
Tel:.....(650) 424-4009
Fax:.....(650) 424-3994
The Solar Physics Division of the American Astronomical Society promotes research and education in solar and heliospheric physics. We support industrial, government, and university programs involving both ground and space based instrumentation.

Academic Book Exhibits.....102

3512 Willow Green Court
Oakton, VA 22124
Tel:.....(703) 716-5537
Fax:.....(703) 716-3676
acadbkexbs@aol.com
acadbkex.com
Academia Book Exhibits organizes and arranges multipublisher book and journal displays at professional and scientific meetings. A catalog, listing bibliographic and ordering information is available to participants.

Academic Press..... 402

525 B Street
Suite 1900
San Diego, CA 92101
Tel:..... (619) 699-6735
Fax:.....(619) 699 6380
E-mail:.....acramond@acad.com
Academic Press is a leading publisher of technical, scientific books and journals. Stop by to browse our new and recent titles, including *Bovik/Handbook of Image and Video Processing*; *Maier et al./Environmental Microbiology*; *Fourikis/Advanced Array Systems, Applications, and RF Technologies*, and *Doicu et al./Acoustic and Electromagnetic Scattering*. Also on display will be copies of our meeting-related journals. Substantial discounts are offered on all books purchased at the booth.

AGU..... AGU

2000 Florida Avenue, N.W.
Washington, DC 20009
Tel:.....(202) 462-6900
or.....(800) 966-2481
Fax:.....(202) 328-0566
E-mail:.....service@agu.org
Tools to forge the future of Earth science are at the AGU today. Stop by the AGU Booth to see the wealth of publications that provide late-breaking research findings from all over the world. For over 75 years, AGU researchers, teachers, and science administrators have dedicated themselves to advancing the understanding of Earth and its environment in space and making the results available to the public through journals, books, a weekly newspaper (*Eos*), meetings and conferences, and scientific and technical committee activities. Find information on member services, future AGU meetings, research and employment opportunities, education, public affairs, and public information programs. See AGU online products, check out the latest book releases, and become a member today! Special prices on all publications are available to AGU members.

American Meteorological Society.....305

45 Beacon Street
Boston, MA 02108
Tel:.....(617) 227-2426
Fax:.....(617) 742-8718

The America Meteorological Society (AMS) is a non-profit scientific and professional society that has been serving the atmospheric and related oceanic and hydrologic sciences since 1919. With a membership of more than 11,000 professionals, students, and weather enthusiasts, the AMS publishes nine atmospheric and related oceanic and hydrologic journals, sponsors more than 12 conferences annually, and offers numerous programs and services. Visit the AMS booth today to learn more about our various activities and the benefits of Society membership.

Astrophysics Data System (ADS).....506

60 Garden Street
Cambridge, MA 02138

Tel:.....(617) 495-7076

Fax:.....(617) 496-7577

E-mail:.....accomazzi@cfa.harvard.edu

The NASA Astrophysics Data System (ADS) provides for access to scientific literature through the WWW. The ADS Abstract Service allows searching of over 2.2 million references in four databases: Astronomy, Instrumentation, Physics/Geophysics, and Astronomy Reprints as well as access to over 300,000 full-text articles.

Cambridge University Press.....302 & 304

40 West 20th Street
New York, NY 10011-4211

Tel:.....(212) 924-3900

Fax:.....(212) 691-3239

E-mail:.....jmurphy@cup.org

Check out the latest blurb in the Earth Sciences with Mussett and Khan's Looking into the Earth.

Cooperative Institute for Research in Environmental Sciences (CIRES) 501 & 503

University of Colorado at Boulder

Campus Box 216
Boulder, CO 80309

Tel:.....(303) 492-8773

Fax:.....(303) 492-1149

E-mail:.....yvonne@cires.colorado.edu

The Cooperative Institute for Research in Environmental Sciences <<http://cires.colorado.edu>> (CIRES) was established in 1967 to provide a setting for collaborative research and teaching in the wide-ranging disciplines of the environmental sciences. Its mission is to act as a national resource for multidisciplinary research and education in the environmental sciences by providing scientific leadership in the basic and applied research relevant to environmental and earth sciences issues, by contributing scientific expertise and resources to environmental science educational programs, and by providing support to facilitate collaborations among scientists at the University of Colorado <<http://www.colorado.edu/>, the National Oceanic and Atmospheric Administration <<http://www.noaa.gov/>, and other institutions.

Environmental and Engineering Geophysical Society (EEGS)308

720 South Colorado Blvd.

Suite 960-S

Denver, CO 80246

Tel:.....(303) 756-3143 X307

Fax:.....(303) 691-9490

Founded in 1992, Environmental and Engineering Geophysical Society (EEGS) is the premier society championing the development and appropriate use of environmental and engineering geophysics. EEGS sponsors the annual Symposium on the Application of Geophysics to Environmental and Engineering Problems (SAGEEP) and publishes the quarterly Journal of Environmental and Engineering Geophysics (JEEG) and Fast TIMES Newsletter. Stop by the booth for more information on membership, SAGEEP Proceedings on CD-ROM or the computer-based training program Applications of Geophysics in Environmental Investigations.

Geometrics.....301

2190 Fortune Drive
San Jose, CA 95131

Tel:.....(408) 954-0522

Fax:.....(408) 954-0922

E-mail:.....linda@mail.geometrics.com

Geometrics, a member of the OYO Corporation, manufactures, sells, and services portable geophysical insiftiments for land, marine, and air investigations of the subsurface. Geometries' product line includcs proton precession and cesium magnetometers, high-resolution seismographs, and electrical conductivity imaging and resistivity systems. Geometries' instruments are used around the world for natural resource exploration, geotechnical and environmental assessments, ordnance detection, locating archeological and treasure sites, and teaching and research.

Howard Minerals.....210

2775 Bedford Avenue
Brooklyn, NY 11210

Tel:.....(718) 434-8538

Fax:.....(718) 434-8538

Howard Minerals has been supplying fossils, minerals, and mineral-related jewelry to professional geologists and to institutions for more than 25 years. We emphasize quality, authenticity, service, and value.

International Union of Geodesy & Geophysics (IUGG) University of Colorado..... 408

UCB 216
Boulder, CO 80309-9216

Tel:.....(303) 497-5147

Fax:.....(303) 497-3645

E-mail:.....jjoselyn@cires.colorado.edu

IUGG is a non-governmental, international organization dedicated to advancing scientific knowledge of Earth including its physical components, dynamic behaviors, and environment in space. IUGG unites seven semi-autonomous Associations that address different disciplines of earth science.

Lockheed Martin.....404 & 406

1111 Lockheed Martin Way
Sunnyvale, CA 94089

Tel:.....(408) 742-7618

E-mail:.....lynn.rhynes@imco.com

Lockheed Martin Space Systems Company, headquartered in Denver, Colorado, is one of the major operating units of Lockheed Martin Corporation. Space Systems designs, develops, tests and manufactures a variety of advanced technology systems for space and defense. Chief products include space launch systems, ground systems, interplanetary spacecraft, other spacecraft for commercial and government customers, fleet ballistic missiles and missile defense systems.

MEDA Inc.....409

22611 Markey Court #114
Dulles, VA 20166

Tel:.....(703) 471-1445

Fax:.....(703) 471-9130

E-mail:.....sales@meda.com

Meteorological & Geostrophical Abstracts..... 108

25 Porter Road
Littleton, MA 01460

Tel:.....(978) 698-7358

Fax:.....(978) 698-7500

You can now be up to date on all the literature in your field without time consuming trips to the library. Using Meteorological and Geostrophical Abstracts (MGA), you can search the world's scientific literature on meteorology, climatology, physical oceanography, hydrology, and related sciences. Published monthly on the Web, CD-Rom or in Print, MGA contains an up-to-date 26 year accumulative of over 250,000 abstracts.

Massachusetts Institute ofTechnology (M.I.T.)..... 106

Dept. of Earth, Atmospheric and Planetary Sciences
77 Massachusetts Avenue
Bldg. 54-918
Cambridge, MA 02139-4307

Tel:.....(617) 253-2132

Fax:.....(617) 253-8298

E-mail:.....politano@mit.edu

Research in the Department of Earth, Atmospheric and Planetary Sciences (EAPS) focuses on the earth, its fluid envelopes, and its diverse neighbors throughout the solar system. We seek to understand the

fundamental processes defining the origin, evolution and current status of these systems and to use the understanding to predict future states.

NASA/EOSDIS.....206 & 208

The Aerospace Building
10210 Greenbelt Road
Lanham, MD 20706

Tel:.....(240) 232-0300

Fax:.....(240) 232-0321

E-mail:.....geralyn@killians.gsfc.nasa.gov

NASA provides more than 1,200 science data products and associated services for interdisciplinary Earth science studies as part of its Earth Science Enterprise. Management and distribution of these products is administered through the Earth Observing System Data and Information System (EOSDIS) via several Distributed Active Archive Centers (DAACs).

NASA/GSFC Sun Earth Connection Program..... 507, & 509

Code 680

Bldg. 21, Room C129D

Greenbelt, MD 20771

Attention J. Rumburg

Tel:.....(301) 286-0804

Fax:.....(301) 286-1753

E-mail:.....rumburg@stars.gsfc.nasa.gov

Description: NASA's Sun_Earth Connection (SEC) Theme: Images from the current NASA SEC missions will be presented in large_scale format. Information about the program will be available.

NASA Langley SAIC Atmospheric Sciences Data

Center.....205 & 207

2 South Wright Street

MS 1570

Hampton, VA 23681

The Atmospheric Sciences Data Center (ASDC) at NASA Langley Research Center archives and distributes data relating to the Earth's radiation budget, clouds, aerosols, and tropospheric chemistry. The ASDC is one of the Earth Observing System Data and Information System Distributed Active Archive Centers which process, manage, and archive data from NASA's Earth Science Enterprise.

NASA/GSFC GES DES

DISC/DAAC&GCMD.....203

GSFC/NASA

Code 902, Bldg 32

Room, S131B

Greenbelt, MD 20771

Tel:.....(301) 614-5224

Fax:.....(301) 614-5268

E-mail:.....daacuso.daa.nsfc.nasa.gov

The Goddard Space Flight Center Distributed Active Archive Center (DAAC) and the Global Change Master Directory (GCMD) has created an informational exhibit utilizing remote sensing data to explore complex interactions between atmosphere and oceans.

National Research Council/NAS.....504

2101 Constitution Avenue, NW

TJ 2114

Washington, DC 20418

Tel:.....(202) 334-2768 or 2760

Fax:.....(202) 334-2759

E-mail:.....jdellamo@nas.edu

The National Research Council offers postdoctoral and senior awards for independent scientific research to be conducted in residence at U.S. government laboratories. Awards include competitive stipend, relocation, professional travel and health insurance. For detailed information, visit our exhibit. Information and application material can also be found at <http://www.national-academies.org.rap>.

**National Sciences Foundation - Directorate for Geosciences.....202
& 204**

4201 Wilson Boulevard
Arlington, VA 22230

Contact: Vanessa Richardson

Tel:..... (703) 292-8500

Fax:..... (703) 292-4092

E-mail:.....geo@nsf.gov

The National Science Foundation's Directorate for Geosciences (GEO) supports research to advance scientific knowledge about atmospheric, solid earth, freshwater, oceanic and geospace components of the earth system. The Directorate is composed of three Divisions ? Atmospheric, Earth and Ocean Sciences ? and a small office of International and Integrated Activities that includes interdisciplinary international and educational programs.

The booth will provide information on research and education opportunities available through GEO and the Directorate for Education and Human Resources. In addition, NSF staff will be available to answer questions.

National Solar Observatory.....307

950 N. Cherry Avenue
Tucson, AZ 85719

Tel:.....(520) 318-8294

Fax:.....(520) 318-8278

E-mail:.....ppiano@noao.edu

The National Solar Observatory (NSO) facilities are managed from headquarters in Sunspot, New Mexico and are located on Sacramento Peak, NM, and on Kitt Peak, near Tucson, Arizona. The principal telescope at Sacramento Peak is the 0.76-meter Dunn Solar Telescope, a vacuum tower telescope optimized for high spatial resolution through use of solar adaptive optics. The principal telescope at Kitt Peak is the 1.5-meter McMath_Pierce solar telescope, the world's largest solar telescope and optimized for infrared observations. Beginning in 2001, the Synoptic Optical Long-term Investigations of the Sun (SOLIS) suite of telescopes will be in operation on Kitt Peak. NSO also operates the worldwide network of six telescopes for the Global Oscillation Network Group (GONG) to monitor helioseismology. (<http://www.nso.noao.edu/lrp/>)

PCI Geomatics..... 401

50 West Wilmot Street
Suite 200
Richmond Hill
ONT, Canada L4B1M5

Tel:.....(905) 764-0614

Fax:.....(905) 764-9604

E-mail:.....pitter@pcigeomatics.com

PCI Geomatics is a world leading developer of geomatics software and solutions based on its remote sensing, digital photogrammetry, spatial analysis, and cartographic editing programs. PCI Geomatics has over 11,000 licenses installed in over 100 countries. For more information, please visit the PCI Geomatics web site: www.pcigeomatics.com.

The Environmental Careers Organization..... 306

179 South Street
Boston, MA 02111

Tel:.....(617) 426-4375 ext. 156

Fax:.....(617) 426-8159

E-mail:.....jfontes@eco.org

The Environmental Career Organization is committed to protect and enhance the environment through the development of diverse leaders. The promotion of careers, and the inspiration of individual action.

The Mathworks..... 201

3 Apple Hill Drive
Natick, MA 01760

Tel:.....(508) 647-7734

Fax:.....(508) 647-4267

E-mail:.....kpatterson@mathworks.com

The MathWorks, developers of MATLAB, will be highlighting their integrated solutions for data analysis, visualization, and application development. Widely recognized as the industry's premiere software for technical computing, MATLAB combines comprehensive math and visualization functionality with specialized application

toolboxes for signal processing, image processing, geographic mapping, statistics and many more. More than 400,000 users in industry, government, and education rely on The MathWorks products.

Thermo Elemental..... 403

27 Forge Parkway
Franklin, MA 02038

Tel:.....(508) 553-1415

Fax:.....(508) 528-2127

E-mail:.....ttoulin@thermoelemental.com

Thermo Elemental, a Thermo Electron business, offers a full range of instrumentation to meet all phases of your geological research including the PQ ExCell with Collision Cell technology (CCT), VG Axiom Plus with both single and multi-collector capability and the Microprobe II Laser Ablation accessory for pin point accuracy in solid sampling.

Thermo Finnigan..... 502

9412 Rocky Branch Drive
Dallas, TX 75243

Tel:.....(214) 348-8330

Fax:.....(214) 348-8870

E-mail:.....chdouthitt@compuserve.com

A full line of magnetic sector mass spectrometers for isotopic and elemental analysis, including Delta plus and MAT 252 for IRMS, Triton, TIMS, and Neptune and Element - ICP-MS instruments.

TRW.....110

One Space Park
Redondo Beach, CA 90278

Tel:.....(310) 813-2861

Fax:.....(310) 812-4101

E-mail:.....barbara.evans@trw.com

TRW meteorological, software and systems engineers support weather data processing needs for worldwide use. TRW provides complete "earth_to_space" decision assistance to military and civil users through the integration of weather and space environmental sensor data, analyses, forecast models, mission_tailored applications and visualization.

W.H. Freeman and Company..... 104

41 Madison Avenue
New York, NY 10010

Tel:.....(212) 576-9400

Fax:.....(212) 689-2383

E-mail:.....jseltzer@bfpwpub.com

Welcome to Boston. Visit the W.H. Freeman and Company booth for a full complement of texts in the geosciences. Our offerings include notable titles on introductory geology, physical geology, historical geology, environmental geology, petrology, atmospheric science and structural geology.
