

Journal of Geophysical Research–Oceans

Editorial Opportunity for the Term 1 January 2011 to 31 December 2014

The Editor Search Committee invites applications from dynamic, well-organized scientists with high editorial standards and strong leadership skills to serve on the *JGR-Oceans* editorial team. **The search committee is currently looking for candidates in the fields of near-shore oceanography and high latitude processes.** Successful candidates will be individuals able and willing to stretch beyond their own areas of specialty so that the full range of ocean topics is covered.

Applicants should be respected leaders in the community, independent-minded, and even-handed. As Editor you should be committed to further strengthen *JGR-Oceans* as a leading journal in ocean sciences and be proactive in attracting innovative contributions in traditional disciplines and in emerging fields. The Union is interested in attracting papers in developing areas and ensuring that readers of *JGR-Oceans* receive the best and most timely information possible.

As Editor you will

- have full authority to accept or reject submitted papers
- ensure fair and timely review
- seek out stimulating papers for inclusion in the journal.

The Search Committee is appointed by the Union President to evaluate candidates and conduct personal interviews with a small number of highly qualified individuals. The President makes the final selection and appointment. All AGU Editors serve at the pleasure of the President.

If you would like to be considered as an Editor of *JGR-Oceans*, send your curriculum vitae with a letter of interest to the Editor Search Committee for *JGR-Oceans*. If you would like to nominate a qualified colleague, send a letter of recommendation. Please submit expressions of interest, CV's, recommendations, or requests for additional information to pubmatters@agu.org.
