Editorial. N.V. Sobolev i

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Yakutian kimberlite province: position in the structure of the Siberian Craton and composition of the upper and lower crust. O. M. Rosen, V. P. Serenko, Z. V. Spetsius, A. V. Manakov, and N. N. Zinchuk 3 1

Fluid convection in sediment-hosted reservoirs due to thermal action of dikes and sills. O. P. Polyanskii and V. V. Reverdatto 26 25

Subduction-related anatectic granitoids of the Urals. G. B. Fershtater, F. Bea, N. S. Borodina, E. A. Zin'kova, P. Montero, and E. S. Shagalov 42 40

Determination of binding forms of gold in pyrite by means of statistical analysis. V. L. Tauson, O. I. Bessarabova, R. G. Kravtsova, T. M. Pastushkova, and N. V. Smagunov 57 56

OIL AND GAS GEOLOGY

A regional geological model and the petroleum potential of Neocomian deposits in southeastern West Siberia. V. A. Kontorovich 68 65

GEOPHYSICS

Vector magnetic surveys in iron prospecting. A.V. Ladynin, A.N. Vasilevskii, A.F. Pavlov, and A.A. Popova 78 75

Volume 43, Number 2, 2002

TECTONICS AND GEOMORPHOLOGY

The Okhotsk volcanic oceanic plateau. N.A. Bogdanov and N.L. Dobretsov 101 87

Formation of the Late Paleozoic structure of the Teletsk region: kinematics and dynamics (*Gorny Altai—West Sayan junction*). L.V. Smirnova, K. Theunissen, and M.M. Buslov 115 100

Radon anomalies as tracers of fault activity (*West Sayan fault zone, northern part of Lake Teletskoye, Gorny Altai*). B. Dehandschutter, B.A. Bobrov, R. Hus, N.E. Astakhov, N.B. Androsova, and Yu.P. Popov 128 114

Paleohydrology of Lake Baikal in relation to neotectonics. V.D. Mats, S. Fujii, K. Mashiko, L.Z. Granina, E.Yu. Osipov, I.M. Efimova, and A.V. Klimanskii 142 129

PALEONTOLOGY

A Mesozoic ocean in the Arctic: paleontological evidence. V. A. Zakharov, B. N. Shurygin, N. I. Kurushin, S.V. Meledina, and B. L. Nikitenko 155 143

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

The mechanism of incompatible element uptake during crystal growth. V.L. Tauson, I.Yu. Parkhomenko, V.I. Men'shikov, and K.V. Nepomnyashchikh 182 171

OIL AND GAS GEOLOGY

An old oil and gas accumulation zone in the southern Siberian Platform (<i>Katanga uplift</i>). A.B. Khomenko, E.N. Kuznetsova, and A.O. Gordeeva	188	177
--	-----	-----

GEOPHYSICS

Standing waves in engineering seismology. A.F. Emanov, V.S. Seleznev, A.A. Bakh, S.A. Gritsenko, I.A. Danilov, A.P. Kuz'menko, V.S. Saburov, and G.I. Tat'kov . . .	192	181
--	-----	-----

Volume 43, Number 3, 2002

OIL AND GAS GEOLOGY

Sea level and $\delta^{13}\text{C}$ trends in Riphean petroliferous deposits on the western margin of the Siberian Craton (<i>Baikit Uplift</i>). E. M. Khabarov, V. A. Ponomarchuk, I. P. Morozova, I. V. Varaksina, and S. V. Saraev	211	197
The Bazhenov Formation: lithological and geochemical classification and a deposition model. I. D. Polyakova, L. A. Krol', G. N. Perozio, and E. A. Predtechenskaya . . .	240	225
Adaptive estimation of oil and gas resources. V. F. Grishkevich	252	237

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Yeruda and Chirimba granitoids (<i>Yenisei Ridge</i>) as indicators of Neoproterozoic collisions. A. E. Vernikovskaya, V. A. Vernikovskiy, E. B. Sal'nikova, V. M. Datsenko, A. B. Kotov, V. P. Kovach, A. V. Travin, and S. Z. Yakovleva	259	245
Gold-mercury and gold-silver types of mineralization in East Sayan: mineral composition and physicochemical conditions of formation. E. V. Airiyants, S. M. Zhmodik, A. G. Mironov, A. A. Borovikov, A. S. Borisenko, and Yu. Ch. Ochirov	273	260
Platinum in carbonaceous substance from ores of the Sukhoi Log deposit (<i>East Siberia</i>). E.A. Razvozhayeva, A.M. Spiridonov, V.D. Tsykhanskii, I.E. Vasil'eva, and S.I. Prokopchuk	286	274
Typomorphism of paramagnetic radicals CO_2^- , CO_3^- , and CO_3^{3-} in natural carbonate-apatites. L. G. Gilinskaya, Yu. N. Zanin, and V. P. Naz'mov	297	284

GEOPHYSICS

Factors of acoustic logging accuracy. M.G. Markov	304	291
---	-----	-----

Volume 43, Number 4, 2002

STRATIGRAPHY

Baikalian of Siberia (850–650 Ma). V. V. Khomentovskiy	313	299
Biostratigraphy of the Upper Vendian, Lower and Middle Cambrian strata in a section on the Yenisei River near Plakhinsky Island (<i>northwestern Siberian Platform</i>). I. V. Korovnikov, S. M. Rowland, V. A. Luchinina, Yu. Ya. Shabanov, and A. V. Fedoseev	334	319

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Pyroxenite xenoliths in picrite basalts (<i>Vitim Plateau</i>): origin and differentiation of mantle melts. I.V. Ashchepkov and L. André	343	328
---	-----	-----

Black shale formations in the Sayan-Baikal mountainous province: geochemistry, metallogeny, and geodynamic environments. A.G. Mironov, S.M. Zhmodik, Yu.Ch. Ochirov, L.I. Gurskaya, V.D. Popov, and D.Yu. Sapozhnikov	364	348
---	-----	-----

GEOPHYSICS

Determination of elastic parameters from multiwave AVO data. T.V. Nefedkina and V.V. Buzlukov	382	366
---	-----	-----

BRIEF COMMUNICATIONS

Stages of continental crust consolidation in central Dzhugdzhur-Stanovoy folded area (Sm-Nd <i>chronology of granitoids</i>). A.M. Larin, A.B. Kotov, V.P. Kovach, V.A. Glebovitskii, E.B. Sal'nikova, E.M. Zabolotskii, and N.Yu. Zagornaya	395	379
Traces of copropel-loving organisms in phosphatized coprolite. Yu. N. Zanin, V. A. Luchinina, and E. A. Zhegallo	400	384

Volume 43, Number 5, 2002

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Parameters of the system H ₂ O–CO ₂ –CH ₄ –N ₂ relevant to thermobarochimistry of inclusions in minerals. V.G. Sverdlova and G.Yu. Shvedenkov	409	389
Tonalite-trondhjemite complexes of subduction-related settings (<i>by the example of Late Riphean plagiogranitoids of the southwestern margin of the Siberian Platform</i>). O.M. Turkina	420	403

TECTONICS

Late Paleozoic, Middle Mesozoic, and Late Cenozoic Stages of the Altai orogeny. I.S. Novikov	434	418
Fracturing in the Primorsky fault zone (<i>Baikal rift system</i>). O.V. Lunina, A.S. Gladkov, and A.V. Cheremnykh	446	429

OIL AND GAS GEOLOGY

Synthetic interpretation of poorly correlated geological and geophysical data in regional structural mapping (<i>sedimentary cover of West Siberian plate</i>). V.O. Krasavchikov	456	438
---	-----	-----

GEOPHYSICS

The 25 February 1999 South Baikal earthquake: seismotectonics and regional geodynamics. V.V. Ruzhich, R.M. Semenov, A.M. Alakshin, B.I. Mel'nikova, A.V. Chipizubov, S.G. Arzhannikov, O.P. Smekalin, I.A. Emel'yanova, M.G. Dem'yanovich, and N.A. Radziminovich	470	448
---	-----	-----

Volume 43, Number 6, 2002

STRATIGRAPHY AND PALEONTOLOGY

Major Cambrian biotic boundaries in the northern Siberian Platform. I.V. Korovnikov, A.V. Fedoseev, and D.P. Sipin	493	459
Ordovician siliceous and silica-basalt formations of Kazakhstan. I. F. Nikitin	512	477

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Meso-Cenozoic volcanic complexes of the Valaga Ridge, Kamchatka: geodynamic implications (<i>Evolution from spreading to within-plate and island-arc magmatism or accretion of exotic terranes?</i>). Yu.M. Puzankov	528	493
Ar and He isotopes in the Dovyren mafic-ultramafic intrusion. E.G. Konnikov, E.M. Prasolov, I.V. Tokarev, E.V. Kislov, and D.A. Orsoev	543	508

OIL AND GAS GEOLOGY

Structurally controlled occurrences of Bathonian reservoir rocks within the Taz-Nadym interfluvium. A. A. Kartashov	553	518
---	-----	-----

GEOPHYSICS

Recent vertical crustal movements in the Altai-Sayan province in relation to neotectonics and seismicity. P.P. Kolmogorova and V.G. Kolmogorov	567	531
--	-----	-----

Volume 43, Number 7, 2002

**PROCEEDINGS OF THE VI INTERNATIONAL CONFERENCE ON
“GAS IN MARINE SEDIMENTS”**

Preface. I. S. Gramberg and A. E. Kontorovich	585	543
---	-----	-----

GEOCHEMISTRY AND BIOGEOCHEMISTRY OF GASES IN WATERS AND BOTTOM SEDIMENTS OF SEAS AND LAKES

Underpermafrost accumulations of gas in the upper part of the sedimentary cover of the Pechora Sea. V. N. Bondarev, S. I. Rokos, D. A. Kostin, A. G. Dlugach, and N. A. Polyakova	587	545
MAGIC: a GIS database of marine gas seeps and seep indicators. A. Judd, V. Jukes, and M. Leddra	599	557
Methane monitoring in waters of eastern shelf and slope of Sakhalin. A. I. Obzhirov, O. F. Vereshchagina, V. A. Sosnin, R. B. Shakirov, A. N. Salyuk, S. Lammers, E. Suess, N. Biebow, H. Winkler, and V. V. Druzhinin	605	564
Modeling trace gases in hydrocarbon seep bubbles: Application to marine hydrocarbon seeps in the Santa Barbara Channel. I. Leifer and J. Clark	613	572
Applied aspects of study of volatile hydrocarbons in marine basins. Ch. S. Muradov	622	580
Gas hydrates and gas venting in Lake Baikal. N.G. Granin and L.Z. Granina	629	589
Natural gases of Baikal. V.P. Isaev, N.G. Konovalova, and P.V. Mikheev	638	598
Bacterial communities of the bottom sediments near a hydrothermal source in Frolikha Bay, northern Baikal. B. B. Namsaraev, T. I. Zemskaya, O. P. Dagurova, L. Z. Granina, L. P. Golobokova, and T. Ya. Sitnikova	644	604

GAS HYDRATES

Global estimation of gas content in submarine gas hydrate accumulations. V. A. Soloviev	648	609
Geologically controlled gas hydrate accumulation on the Blake Outer Ridge, western North Atlantic (<i>from DSDP and ODP data</i>). T. V. Matveeva and V. A. Soloviev	662	625
Spatial and quantity evaluation of the Black Sea gas hydrates. A. Vassilev and L. Dimitrov	672	637
Measuring hydrate phase boundary in porous media. B. Tohidi, K.K. Ostergaard, R.W. Burgass, and M. Llamedo	685	650
Phase transitions of water in gas-saturated sediments. E. M. Chuvilin, E. V. Perlova, N. A. Makhonina, and V. S. Yakushev	689	655

GEOPHYSICAL METHODS OF STUDY OF GAS-SATURATED SEDIMENTS

Gas seeps in northwestern Black Sea: geological and geophysical studies. R.I. Kutas, O.M. Rusakov, and V.P. Kobolev	698	664
Shallow gas: hazard to pipeline routing and detection techniques. M.V. Kruglyakova, V.V. Kruglyakov, E.A. Lavrenova, and S.L. Maraev	706	671
<i>OBITUARY</i>		
Teruo Watanabe (1944–2002)	712	677

Volume 43, Number 8, 2002

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Early Proterozoic postcollisional granitoids in southwestern Siberian craton. V.I. Levitskii, A.I. Mel'nikov, L.Z. Reznitskii, E.V. Bibikova, T.I. Kirnozova, I.K. Kozakov, V.A. Makarov, and Yu.V. Plotkina	717	679
Structural control of location and water chemistry of lakes and springs in the Ol'khon region. O.A. Sklyarova, E.V. Sklyarov, and V.S. Fedorovskii	732	693
Relationships between Ag and Au in Au-Ag natural system. V. P. Samusikov	746	705

TECTONICS

Neogene evolution of the young Ural-Siberian Platform. V.S. Surkov	754	713
--	-----	-----

STRATIGRAPHY

Stratigraphy, microfossils, and biofacies in the reference section of Callovian and Upper Jurassic from the Tyumenskaya superdeep borehole, West Siberia. B. L. Nikitenko, V. I. Il'ina, and L. A. Glinskikh	762	721
--	-----	-----

GEOPHYSICS

Terrestrial heat flow in zones of active faults in southern East Siberia. S.V. Lysak	791	750
--	-----	-----

Volume 43, Number 9, 2002

STRATIGRAPHY AND PALEONTOLOGY

Reference section for the Upper Jurassic and Callovian in northern West Siberia. A.L. Beisel, Yu.N. Zanin, A.G. Zamirailova, V.I. Il'ina, N.K. Lebedeva, L.K. Levchuk, M.A. Levchuk, S.V. Meledina, B.L. Nikitenko, B.N. Shurygin, and P.A. Yan	811	763
New data on biostratigraphy of the Lower and Middle Cambrian series in the northeastern Siberian Platform (<i>section of the Khorbosuonka River, Olenek uplift</i>). I.V. Korovnikov	826	778

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Estimation of HF contents in magmatogene fluids of porphyry Cu-Mo ore-magmatic systems (<i>Siberia, Mongolia</i>). V.I. Sotnikov, A.N. Berzina, A.P. Berzina, V.A. Ponomarchuk, V.O. Gimon, and V.Yu. Kiseleva	837	788
Elvans of Cornwall (<i>England</i>) and southern Siberia as subvolcanic counterparts of subalkalic rare metal granites. V.S. Antipin, C. Halls, M.A. Mitichkin, P. Scott, and A.N. Kuznetsov	847	798
Ultramafic rocks of Rakovaya Bay (<i>Eastern Kamchatka</i>): composition and geodynamic classification. A.B. Osipenko and G.I. Anosov	858	808

GEOPHYSICS

Laboratory seismic modelling of a medium containing fluid-saturated sandstone. A.M. Verkhovskii	873	824
Geometry of cracked solids and parametric resonance. B.P. Sibiryakov	882	832

Volume 43, Number 10, 2002

TECTONICS

Silurian deposition in East Siberia and the absence of large-scale eustatic fluctuations. E.V. Artyushkov and P.A. Chekhovich	893	839
--	-----	-----

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Multiphase Phenai Mata intrusive complex (<i>Deccan Trap Province, India</i>) and its analogs on the Siberian Platform. O.V. Koroleva, B.V. Oleinikov, and V.V. Zolotukhin	916	863
Geochemical features of rocks of volcanoplutonic associations of the Dukat gold-silver deposit. M.N. Zakharov, R.G. Kravtsova, and L.A. Pavlova	928	876
Phase formation and diamond crystallization in carbon-bearing ultrapotassic carbonate- silicate systems. A.F. Shatsky, Yu.M. Borzdov, A.G. Sokol, and Yu.N. Pal'yanov	940	889

GEOPHYSICS

Electromagnetic monitoring in the Baikal Rift Zone, seismicity triggering, and earthquake precursors. A.M. Popov, V.M. Akulov, N.N. Klimov, Yu.B. Bashkuev, M.G. Dembelov, A.N. Maksimovich, and A.V. Mashanov	951	902
Variations in electrical resistance of dunites as a function of temperature and serpentinization degree (<i>example of Urals</i>). V.V. Bakhterev and L.D. Bulykin	960	910

Volume 43, Number 11, 2002

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Isotope geochronology of Paleozoic granitoids from the Selenga-Stanovoy mountainous area. M.E. Kazimirovsky, G.P. Sandimirova, and E.V. Bankovskaya	973	919
Petrology of the Kuolotong sulfide copper-nickel deposit in northwestern China. A.I. Glotov, A.P. Krivenko, G.V. Polyakov, and E.A. Uvarova	990	936
Thixotropy in supramolecular crystallization and genesis of macrostructures of precious opal. D.V. Kalinin, V.V. Serdobintseva, and Ya.V. Kuznetsova	1002	949
Carbonate rocks of the Karachaganak hydrocarbon deposit: zoning of catagenetic cementation according to defects of crystalline structure of calcite. A.V. Peskov and V.V. Gusev	1009	956

STRATIGRAPHY AND PALEONTOLOGY

Palynostratigraphy of Paleogene and Neogene sediments of the Baraba-Kulunda facies zone of West Siberia. V.S. Volkova, I.A. Kul'kova, and O.B. Kuz'mina	1017	965
--	------	-----

GEOPHYSICS

The 1992 Suusamyр earthquake and the aftershock strain field. O.A. Kuchai, A.M. Muraliev, K.E. Abdrakhmatov, D. Delvaux, and A.D. Duchkov	1038	986
Heat flow in the region of the Barents and Kara Seas. L.A. Tsybulya and L.S. Sokolova	1049	997

Volume 43, Number 12, 2002

PETROLOGY, GEOCHEMISTRY, AND MINERALOGY

Physicochemical conditions of formation of epithermal gold-mercury deposits. E.A. Naumov, A.A. Borovikov, A.S. Borisenko, M.V. Zadorozhnyi, and V.V. Murzin	1055	1003
Mantle components in Late Cenozoic volcanics, East Sayan (<i>from Pb, Sr, and Nd isotopes</i>). S. V. Rasskazov, E. V. Saranina, E. I. Demonterova, M. N. Maslovskaya, and A. V. Ivanov	1065	1014
Landscape-geochemical patterns of distribution of heavy metals in biota and bottom sediments of the Altai lakes. G. A. Leonova, G. N. Anoshin, V. A. Bychinskii, B. L. Shcherbov, and V. D. Strakhovenko	1080	1029

TECTONICS

The central Tien Shan ophiolites: structural position and age. K.S. Ivanov, A.V. Mikolaichuk, V.N. Puchkov, Yu.V. Erokhin, and E.V. Khristov	1093	1043
Neotectonic analysis of northern Lake Teletskoe using digital elevation modeling. E.M. Vysotsky, E.A. Vishnevskaya, and A.V. Elobogoev	1099	1050

OIL AND GAS GEOLOGY

Deeply subsided Lower Jurassic strata in the north of the West Siberian oil and gas province: criteria and evaluation of petroleum potential. G.G. Shemin, A.Yu. Nekhaev, V.O. Krasavchikov, L.V. Ryabkova, A.N. Fomin, A.L. Beisel', G.F. Bukreeva, L.G. Vakulenko, S.V. Zinov'ev, D.V. Kosyakov, P.S. Lapin, A.M. Brekhuntsov, V.S. Bochkarev, N.P. Deshchenya, and B.L. Urasinov	1107	1057
---	------	------

GEOPHYSICS

Induced polarization effects as indicators of hydrocarbon contamination of groundwater. V.Yu. Zadorozhnaya and A.D. Bessonov	1124	1074
Normalized-differential electrical measurements in hydrocarbon exploration: the state of the art and prospects for future. M.M. Mandel'baum, E.B. Ageenkov, P.Yu. Legeido, I.Yu. Pesterev, and N.I. Rykhlinkii	1137	1085
