

# Curriculum Vitae: Andreas Stracke

## Employer

Westfälische Wilhelms Universität, Münster, Germany

## Employment

- 01/02 - 12/02 Postdoctoral Research Fellow, Cambridge University, UK  
01/03 - 04/06 Postdoctoral Research Fellow and DFG-funded Research Scientist,  
Max Planck Institut für Chemie, Mainz, Germany  
05/06 – 09/10 Lecturer (Oberassistent) ETH Zürich, Switzerland  
since 10/2010 Full Professor (W3), Westfälische Wilhelms Universität Münster,  
Germany

## Degrees

- 09/93 Vordiplom (BSc.) in Geology, University of Tübingen, Germany  
11/96 Diplom (MSc.) in Geology, University of Tübingen, Germany  
11/01 Ph.D., National High Magnetic Field Laboratory, Florida State University, USA

## Research experience

My main research interests revolve around the chemical evolution of Earth's mantle-crust system, ranging from global questions such as estimating the bulk composition of Earth's major reservoirs or the causes and development of mantle heterogeneity, to more localized aspects of basaltic melt generation and melt evolution.

## Ten selected peer-reviewed publications

## Honors

Chemical Geology's 2016 Certificate of excellence in reviewing.  
AGU's 2012 Citation for excellence in reviewing.

## Professional society memberships

AGU, Geochemical Society, DMG (German Mineralogical Society)
