

Fall Meeting 2019 and Bay Area Rapid Transit (BART)

BART's all-electric trains from San Francisco Airport (SFO) and Oakland International Airport (OAK) are fast and easy with lower fares than ride-share companies. BART also gets you from SFO or OAK to Downtown San Francisco in 30/40 minutes.

Take a BART round trip (RT) from SFO or OAK to your hotel in San Francisco and you'll keep 20.2 lbs of carbon out of the air per trip.

Taking BART from SFO to San Francisco

Buy a RT transfer voucher for only \$21.00 from the AGU/BART booking site. Then print it, take it with you and exchange it at SFO for your BART ticket. Then walk to the station down the hall, place your ticket in the gate, remove it to open the gate, keep it and board a train to San Francisco. When you arrive exit at the closest station to your hotel. This is the fast, easy way to avoid lines at the SFO BART station and get downtown to your hotel.

Taking BART from OAK to San Francisco

Walk to the BART station across from OAK Terminal 1 and board the train to the Coliseum station. When you arrive, buy a \$21.90 RT ticket to San Francisco. Place the ticket in the fare gate. When it pops out, remove it to exit and keep it to exit at the next station. Then walk down the right side of the main train platform, and take any San Francisco bound train to the station closest to your hotel. The trip downtown takes 30–40 minutes. The ticket has enough value for your ride back to OAK. See the BART hotel map for the closest station to your hotel
