AGU STUDENT AND EARLY CAREER LEADERS

## AGU Centennial Central – Student & Early Career

*A hub of discussions and activities around the future of science, Centennial Central will bustle throughout the week with scientific sessions featuring emerging and well-known scientists, showcase digital representations of science, offer multiple types of networking, and have an intimate presentation space to foster discussion. Each day will focus on a different area of Earth and space science.*

1

### Monday December 9 – Earth Interior: Habitability

**Sharing Your Science in the 21st Century: New Developments in Scholarly Communication and Journal Publishing I - U14E**

4:00 PM – 5:00 PM // Moscone South, Centennial Central, Celebrate Stage, Hall D

2
